Re: Cease and Desist

Dear Mr. Rassamni:

You have recently engaged in a campaign of "spamming" the email accounts for the City of Fresno's Mayor Jerry Dyer and a majority of the Fresno City Council with political campaign material. Such conduct violates California's Brown Act and, as such, should not be sent to government email accounts.

Moreover, your unreasonable actions of sending numerous and voluminous emails to these elected officials violates local, state, and/or federal law in that it has interfered with and obstructed the ability of the Mayor and the Councilmembers to engage in their official duties and has caused considerable nuisance. Of course, you and/or your organization are more than welcome to send non-political campaign material to the Mayor and Councilmembers via the US Postal Service, FedEx, UPS, etc. However, intentionally creating a digital deluge serves no legitimate purpose and is clearly outweighed by the need of these public officials to conduct their government responsibilities without undue hardship and impediment.

You are hereby advised to cease and desist the above-described activity. More specifically, if you continue to send such emails to elected officials for the City of Fresno, the City Attorney's Office will pursue its legal options including, but not limited to, filing a Petition for a Civil Harassment Restraining Order or other injunctive relief and requesting an award of monetary damages and sanctions. Thank you for your anticipated cooperation in this matter.

Sincerely,

Andrew Janz
City Attorney
